**Frameworks / Libraries :** React, **Next.js**, Node.js, Express, Redux-Toolkit, **REST API**, JWT, Vite, Tailwind CSS, Spring Boot, Shadcn, Flask, Prisma ORM

**Tools & Platforms :** Postman, **Github**, **MongoDB**, **Docker**, Netlify, **Vercel**, **AWS**(S3, Amplify, SES), Figma(basic), **Linux(Ubuntu)**

**Development Practices :** Testing, **Version Control (Git)**, Debugging, Agile, Code optimization, **Technical Documentation**, Containerization, Environment Management, **MVC-Architecture**

## CERTIFICATIONS

---

- **AWS** – Introduction To Serverless Development, Cloud Security Essentials, Generative AI, Machine Learning Foundations
- **LangChain Academy** – **LangGraph** & **LangSmith**: Orchestrating and debugging **LLM workflows** for **AI-powered applications**
- **Simplilearn** – **AWS S3** & **Hibernate Basics**: Optimized storage with **S3 tiers** and implemented data access with **Hibernate ORM**
- **IBM** certification in **SQL and Relational Databases 101** demonstrating foundational database skills in practical **query writing**
- **HackerRank** – **REST API** (Intermediate), **Python** (Basic) showcasing proficiency in **REST API design** and Python fundamentals
- **Infosys Springboard** certifications include **Learning React**, **Java Fundamentals** covering component-based UI and **OOP** concepts
- **Class Central** certification of **The database development life cycle** covering planning, designing, and implementation strategies

## ACHIEVEMENTS

---

- **Educational Platform Development** – **Coordinated** the **development** as well as **deployment** of a real-time educational platform, **managing 7 cross-functional teams** to streamline academic content delivery and **enhance student engagement**.
- **Git and GitHub Hands-on Session** – Conducted a comprehensive, **interactive workshop** for **60+ students** covering Git history, core concepts, version control workflows, and **practical hands-on usage** of GitHub for **collaborative development** and flow.
- **Won 1<sup>st</sup> place** – “Techie Tech” Technical Event, **Kongu Engineering College** – Outperformed **50+ participants** across **3 rounds (written + 2 rapid-fire)** covering OS, DBMS, networking, and tech trends with strong **technical accuracy, speed** and **consistency**
- **Top 15 Finalist** – **24-hour Hackathon by Google Developers Group, KSR Engineering College** actively competed among **300+ participants**, showcasing rapid full-stack development, **effective teamwork** and problem-solving under **strict deadlines**.
